

# Miss Glendening

## N1's Form Tutor/Teacher of Geography

Hi Year 6! I'm Miss Glendening, and I'm going to be N1's tutor next year. I'm also a geography teacher, and I'm looking forward to meeting a lot of you in geography lessons too.

I hope you are all excited about joining Hillcrest, but it is normal to be worried too. Over the first few days, we will do lots of activities to get you used to school before the other year groups start.

During a normal school day, you will have five lessons with different teachers. Most days you will see me in the middle of the day for form time. This is a time where I will be able to check in with you and we can all support each other as a form.

Starting secondary school is a really exciting time. Keep your mind active over the summer holiday. I can't wait to meet you in September.
