

# Mr Gregory- Head of Geography

Hello everyone, I hope that you are safe and well and that you are looking forward to joining us. I am the learning manager for Geography at Hillcrest School. Geography is all about learning about the world around us, the challenges that we face, and how we can solve these challenges to make the world a better place. In Year 7, you will learn more about what geography is about, the problems with plastic, natural disasters including volcanoes and extreme weather, migration and tourism. You will also develop a wide range of skills including map skills, use of graphs, fieldwork and decision making. I look forward to seeing you in school after the Summer holidays!
